

**TOEFL/IELTS/PTE Academic or SAT/ACT
English Proficiency Standardized Test Score Waiver Countries
Updated March 23, 2023**

TOEFL/IELTS/PTE Exemption will also be granted to students who have at least two years at an English speaking high school or college, if the school offers internationally recognized credentials and is deemed reputable. This waiver list is based on data on the official and spoken languages in English from CIA World Factbook and comparisons with peer colleges' English language testing waiver policies. The Wells College International Recruitment Coordinator and VP of Enrollment will make final decisions about waiving scores and will determine whether more documentation or a video/phone interview is required to admit the student.
